## WHARF PLANS CHANGED, NEW BIDS ORDERED

Bids For Dredging Municipal Wharf No. 2 to be Opened Next Monday Night

### WHARF AGREEMENT SIGNED

Contract Is Signed With F. B. Smith to Prepare Plans for Wharf Work

An agreement with Frances Bett Smith to prepare plans and specifications for wharf No. 2, on the Richmond inner channel, was authorized by the city council last night and Mayor J. H. Plate was directed to execute the contract.

According to the provisions of the agreement and contract, F. B. Smith, known as "Drydock" Smith is to have the plans and specifications completed and before the council within seven days from the date of the agreement, to supervise the construction of the wharf and receive five percent of the construction cost, one half payable on award of contract and the balance in installments as the work is completed.

Dredging plans and specifications for Municipal wharf No. 2, strongly objected to by contractors last week were altered by City Engineer Hoffman and City Attorney Hall to meet the objections in a large measure, and bids on the dredging were ordered to be opened and the contract awarded next Monday night.

Major changes made included an average fill instead of a perfectly level one; reduction of the yardage from 400,000 to 90,000 cubic yards; allowing contractors to employ any kind of labor and from any point, and making the lines indefinite instead of 1 to 1. The junction and damage clauses remain the same.

Chief objection to the contractors was made to the provision that only American labor should be employed and that Richmond citizens should be given preference. These clauses were entirely eliminated.

Harry A. Kern spoke of the day as one of threefold significance. A day of all days perhaps the most American, also America's day of forgetting while most important of all, a day when those living must remember the priceless trust to keep a United America.

Babe Ruth, Just Out of Hospital, Enjoying His First Workout

The Babe had pulled on his uniform and stepped into his spiked shoes for the first time in 15 days when this photograph was taken. He worked out in very mild fashion at the Yankee Stadium, doing a little ball tossing and about 15 minutes of bat swinging. He was weak but very happy that he could hit the easy flutters that were served up to him. "I wasted away to 150 pounds," he said with a smile. "Lost 54 pounds in the hospital but I've put some of that back." The Babe's uniform hung on him very loosely.

## OVER \$111,000 ALREADY PLEDGED AS COMMUNITY HOTEL FINANCING CAMPAIGN OPENS WITH DINNER

BURSTS OF ENTHUSIASM MARK DINNER OF CAMPAIGN WORKERS AT BEGINNING OF ACTUAL DRIVE TO ENLIST AID OF CITIZENS

The "Kick off meeting" of the proposed Community hotel held last evening in the banquet room of the Memorial hall, was one burst of enthusiasm from start to finish. The attendance of the different divisions and their groups, and of the executive committee was almost 100 per cent.

The result of the meeting, after the hotel project had been thoroughly explained to the nearly 200 present, was that stock subscriptions totalling \$111,820 were turned in, which is just a trifle less than half of the amount that is necessary to be raised.

The remainder of this week will be taken up by a campaign the citizens committee, and meetings will be held each noon at which reports will be made of the progress that is made.

The meeting last evening demonstrated what community spirit and organization will do.

**MUCH WORK TO DO**  
While those in charge of the campaign are much encouraged with the result of the first meeting of the citizens committee, there is still much hard work to be done, and every division, every group, and every one of its members must put in every moment of his time during the next five days, in order to make the hotel project a success.

After the hotel project had been thoroughly explained by Joseph E. Brooks, general manager of the Standard Oil refineries of the state, by H. A. Johnston chairman of the general executive committee, by E. M. Downer, president of the Community Hotel Company Inc. by L. D. Barr, western manager of the Hockebury Hotel System, and a sales demonstration had been staged, then subscription blanks were passed out to all of those present, and five minutes were given for the men to decide what they would invest in the new hotel.

**DIVISIONS AND GROUPS.**  
The citizens committee is divided into divisions A, B, C, and D, and each division is divided into three groups.

When the call came for returns from each division, they were made as follows:

Division A: E. A. Bull, manager, Group 1—Ward McKracken, manager, \$3,400; Group 2, J. A. Miller, manager, \$990; Group 3, W. Snelgrove, manager, \$3,300; total for Division A, \$7,690.

Division B: H. R. Carter, manager, Group 1, J. E. Hill, \$1,760; group 2, W. W. Scott, manager, \$850; group 3, E. N. Tenbrook, manager, \$3,690; total for division \$6,570.

Division C: Fred B. LaMoine, manager, Group 1, S. S. Clark, manager, \$2,530; group 2, J. L. Eakle, (Continued on Page 8)

Messenger gave chase out Barrett avenue to San Pablo, thence to Cutting boulevard, and along Cutting to Stege avenue. The officer fired several shots at the machine but was not able to discover whether or not the bullets had found their mark as the occupants had all disappeared when he arrived at Stege avenue, where the car was deserted.

Others numbers on the program were as follows:

## Liver Trouble Now Known as Cause of Premature Old Age

Diseases of heart, kidneys, blood vessels due to body poisons

Medical science knows that poisonous waste in our bodies would actually cause death in a few days if not eliminated by Nature's processes. Because it destroys these deadly poisons, the liver is our most important organ—the body's wonderful purifier.

The liver prevents the formation of body poisons that cause diseases of the heart, kidneys, blood vessels and are chiefly responsible for premature old age.

When the liver becomes weak, the poisons are sucked up by the blood and health is broken down. Physicians know that the liver cannot be regulated by drugs, but a safe Nature substance has been discovered which will at once increase the vital bile supply. The discovery is purified ox gall.

Get from your drug'st a package of Dioxol. Each tablet contains ten drops of purified ox gall. In 24 hours. Your liver will be regenerated. Your liver will be regulated. Blood purification will begin. Sallow skin will clear. You will feel so much better you will know you have found the cause of your ill health. Dioxol tablets are harmless, tasteless and cost less than two cents each.

The genuine ox gall tablets are prepared only under the name "Dioxol." If any tablet is offered you under another name, refuse it. Accept only Dioxol in the original, genuine package. Test Dioxol free. Mail this coupon now.

## Studio Resembles Central America In Making Movie

The Vitaphone lot at Hollywood looked like the plaza of a Central American city during the making of "The Mask," which will be shown at the Wesley Methodist Episcopal church on Friday evening at 7:15. In the corner a number of swarthy, bearded men, with wild, snarling, half-crazed straw sombreros characteristic of their race, were lounging in the shade, smoking innumerable cigarettes. Nearby is a group, representing the better class citizens of Latin America, with close clipped beards and Panama hats.

Military color was given by a motley army attired in various fantastic uniforms decorated with a superabundance of epaulet and gold braid. But most attractive of all were the dainty little Spanish ladies, with their heads shyly covered in black lace mantillas.

The nearness of Hollywood to the Mexican border enabled the Vitaphone casting director to secure these Latin types without much difficulty.

# \$111,820 STOCK SOLD At First Meeting

The 7-day hotel stock selling campaign began Monday night with the above excellent results. This remarkable figure represents no sales other than the stock purchased by the public spirited citizens of the organization, together with the efforts of the executive committee. One hundred fifty of Richmond's citizens started out this morning determined that the new hotel must be realized, that the profits accruing from the new hotel shall go as rent to Richmond's citizens, who make it possible by the purchase of stock. Before the close of the present sales campaign there should be over 400 stockholders—and 400 stockholders in Richmond's new hotel mean just that many boosters who will be directing tourists and customers to our hotel when the doors are open.

Commencing this morning 150 of the city's live wires are giving other progressive citizen's an opportunity to participate in the earnings of our new hotel through their 7% preferred cumulative stock selling at par \$100.00 per share and through the common stock, no par value, selling for \$10.00 per share—sold in units of one share of preferred and one share of common stock. Citizens of Richmond, you should not have to be urged to buy this stock. It is your opportunity not only from the view point of a community asset, but from the standpoint of a business investment.

When the stock salesmen call upon you, as they unquestionably will, be prepared to take advantage of this opportunity. A business investment and a civic duty.

## SCHNEIDERS LOSE; DROPPING TO THIRD PLACE

### RICHMOND TWILIGHT LEAGUE

The Schneider Tailor ball club was not only humiliated by defeat at First street last night, but was more humiliated by being defeated by the Santa Fe team which has for many weeks been gracing the cellar. The score at the end of the battle was 5 to 4. This walloping took Schneiders from the prominent position at the head of the column to third place, while it took Santa Fe out of the cellar and put them ahead of the McRackens aggregation.

Matthews was the hero of the day as far as Santa Fe was concerned. In the second half of the first, with Downey and Reitz on, he slapped the apple into the ozone like a frightened ether wave, and incidentally slapped it over the fence for a homer. These three runs, combined with one more made by Banducci, gave the winners the substantial lead of 4 runs to go on from the first inning.

Bonham made things howl for a while in the fourth. He was the first man up in this canto and he proceeded to kiss the pill farewell for a triple far out in center field. This started the ball rolling after a fashion for shortly after, runs were marked to the credit of Hansen and Centers.

## Local Firemen Win Two Games

On last Saturday the Del Monte No. 6 ball club of Oakland met defeat by a score of 8 to 3, while on Sunday the Alameda Firemen, otherwise known as the undefeated, were humbled to the tune of 3 to 2. Both defeats were administered at the hands of the Richmond Firemen, under the leadership of Chief W. P. Cooper. Both games were played at First street.

In the Alameda-Richmond game the fans saw one of the finest exhibitions of baseball witnessed thus far this year in Richmond. Only a meager spate of hits were secured by Del Monte, the new hurler found by the local firemen. He whiffed a dozen batters. Nearly 200 fans saw the game, which was played for the benefit of the Firemen's relief fund.

"Jacks" Wright pitched for the Firemen against Del Monte, allowing five hits. Clean hits won the battle for the locals. Huzeka, Merriman and Hathaway each got a trio of hits.

## Richmond Keys Postpone Game

Tex Brown and his Richmond Keys were doomed to disappointment Saturday in the scheduled game with the Marches No. 17 of Oakland. The game had to be called off on account of wet grounds.

The eagles were anticipating some practice in this game in preparation for the clash with the Richmond Firemen on June 13. Nevertheless the Trolleyman are getting in some stiff practice and expect to cop the encounter because the Keys are in "The Firemen are so old, and lazy and ignorant, they can't play ball anyhow."

## Pullmans Lose To Crocketts

After having the game securely in their grasp, by a 2 to 0 score in the seventh inning, the Pullman ball club blew up and let Crockett run away with the them by a score of 6 to 2 at First street Sunday. When the Crockett club came to bat in the fatal seventh, the fans started the old chant, "lucky seventh" and Crockett immediately became very lucky on very good at baseball. This defeat evened the three game series between the two clubs. The third game will be played in a short time.

## High School To Play Crockett

The Richmond Union high school ball team will play a return game with the Crockett team on the local diamond this afternoon. The Richmond boys defeated Crockett at Crockett last week by a score of 7 to 3.

The lineup will probably be Gaudin, catcher; Villalobos, pitcher; Lehnkuhl, first base; O'Brien, second base; Hirth, short stop; Swenson, third base; Pimm, right field; Jones, left field; Pasch, center field; Thompson and Murray.

The Y. M. C. A. Notchers baseball loving cup was presented to the San Pablo Piutes at the Baptist church of San Pablo Sunday morning, by Secretary A. W. Mueller of Richmond.

In fitting words, Mr. Mueller set forth the achievements of the Piutes since their organization was formed about two years ago and complemented the boys on their splendid success. In behalf of the club, Rev. Harry Kern, leader thanked Mr. Mueller for his cooperation in the

work that is being carried on in San Pablo.

Each member of the base-ball team was presented with a block letter P, and hopes was expressed that the team would win the cup next year. John Duarte and Jack Pinto are the assistant leaders, Anthony Meltoza captain of the team and Carl Pinto is chief hunter, Jimmie Day, ranger, Clarence Whittier, recorder and Henry Rhodes, treasurer.

## West Side Garage Permit Goes Over

Application of the West Side Garage, 112 Garrard boulevard to install a gasoline pump on the curb, brought some objection from the city council last night, but a motion from Councilman Black that the permit be denied failed to get a second, as did one of Councilman Lane that the permit be granted. Councilman Scholes then moved that the matter be referred to the city fire chief and the city council as a whole for one week, and this motion was carried unanimously.

# A LETTER TO OUR PATRONS

THE traffic survey of the Traction Division of the Key System Transit Company has been completed.

We take this opportunity of expressing our hearty thanks for the good will and appreciation with which the traveling public has received our interim expenditure for improvements without waiting for the completed report. Few people realize that our expenditures for this purpose during 1924, the first year these properties were operated under the present company, considerably exceeded one million dollars.

As was publicly announced, the company engaged Mr. Richard Sachse fifteen months ago to make this survey. Shortly afterwards the City of Oakland requested that it be represented on the survey by an engineer and suggested that the Railroad Commission also have an engineer on the committee. The company gladly acquiesced in these suggestions and we are gratified to be able to state that the engineers representing the Commission and the City of Oakland fully co-operated with Mr. Sachse. Their relations were harmonious and their recommendations unanimous.

## TO RELIEVE DOWNTOWN CONGESTION

Among the recommendations of the survey committee was the new construction of five blocks of double track railroad downtown to make a so-called loop system to accelerate the movement of cars to relieve the downtown congestion.

It is believed and hoped that after these loops have been installed there will be a saving in running time of a minute or two on all important runs through the center of Oakland. In addition, the engineers recommended a thorough rerouting of the car service downtown.

## "BEST TRANSPORTATION" IS AIM OF SURVEY

The engineers were seeking to improve the service and not to reduce expenses, but we believe that outside of the capital investment required by the loop there will be no increase in expenses brought about by the loop. In fact, through the rerouting they hope there will be a modest saving in operating expenses.

At the hearing, the Commission brought out the fact that the capital investment called for by the loop would equal about \$85,000.00 for tracks on streets upon which the City is unable to grant a proper franchise. The company was asked whether it would make this investment without securing a regular franchise and stated that it would, provided the municipal authorities gave a friendly co-operation. This they have every reason to believe will happen.

As some people have misunderstood this situation and have consequently laid importance upon the investment of \$85,000.00 new capital, we beg to mention that the annual report of the company for 1924, which has been circulated among our patrons, shows a total new investment in roadbed and equipment exceeding \$1,085,000.00 during that year—the first year of operation under the present administration.

## FURTHER EXPENDITURES FOR SERVICE

The committee has recommended the purchase of 100 new cars over a period of three years, 30 cars to be ordered upon approval of the report. This will add approximately \$450,000.00 to the company's capital expenditures during the coming year.

The company expects to go forward with this and greater expenditures despite totally inadequate returns on its investment and in doing this we seek the help and co-operation of all of the communities we serve. The Railroad Commission has the report of the engineers under advisement and whatever recommendations contained in the report are approved by the Commission will be put into effect as rapidly as possible following the granting of the necessary permits by the City of Oakland.

Very truly yours,

C. O. G. MILLER

## King's Heralds Receive More Members Sunday

The King's Heralds held a meeting Sunday morning, after Sunday school in the beginner's room of the Wesley church. The meeting was presided over by the President Minto Bock. Reports were given, prayer was offered and the offering taken.

After the dues and mite-box money was collected, the Superintendent explained the Bob and Betty book, the Honor Roll and the Junior Jump-Up poster, to the new members. She also told them that the one who turned in the most mite money during the year would be made a life member, and that the one who turned in the most thank offerings would be given a K. H. pin.

The Junior Stewardship cards were explained and passed out and all Heralds who had not signed them at the last meeting did so at this one. The superintendent then read the story "Happy Day," and the meeting was closed with a prayer.

Those present at Sunday's meeting were: Francis Antone, Minto Bock, Myrtle Crisler, Sarah Waite, Annetta Wilson, Raymond Brown, Catherine Sprau, Emily Stribley, Jane Peer, Lorraine Long, Dorothy Woodworth, three new members Rose Stanley, Irene Nelson and Frances Swartz; four visitors, Lora Johnson, Gertrude Walliker, Erma Candello and Bernice Sanders. Sunday. As the capacity of the boat is over 1500, this crowd will not be too small to make things uninteresting and not too large to be uncomfortably crowded.

## Richmond Club Closes Year With Program

With a splendid program presented under the auspices of the "New Method School of Music" which has recently opened in Richmond, the Richmond club held its final entertainment and dance for the club year at the clubhouse last evening.

The feature of the program was a number of piano selections by Hughes Fowl, 10 year old Richmond boy, who with familiar and unfamiliar music caused the entire audience to declare that he certainly showed phenomenal talent. This musician also accompanied Professor H. D. Curry, who entertained with a number of fine saxophone solos.

Master Fowl has been secured to play at the California theatre on Wednesday and Thursday evening as a result of his remarkable work last night.

Another feature was the offering of the "Saxophone Boys" a group of six boys between the ages of 11 and 13 years, who delighted everyone with the quality of their music.

Professor W. H. Curry who is in charge of the stringed instrument department of the school played violin solos of a pleasing character.

Also playing the violin were Misses Arline Snider and Louise Fish, who in a duet, entertained with wonderful music.

After the program a dance was held in the auditorium for the members of the club and their invited guests. The orchestra of the school provided splendid music for the dance, which together with the program was under the chairmanship of Mrs. G. E. Milnes.

The last meeting of the year for the Richmond club was held at noon time yesterday when the members of the club gathered at the clubhouse for a basket luncheon and business meeting. The retiring president, Mrs. G. E. Milnes, was the presiding officer of this meeting, after which she turned the chair over to Mrs. A. C. Burdick who was recently chosen as the president of the ensuing term.

It is requested that hereafter anyone desirous of information concerning the club, communicate with Mrs. Burdick.

## Recital Is Given By Music Pupils

The pupils of Miss Ruth Hoskinson presented a memory program in a large group of friends in Memorial hall last evening, that showed remarkable talent on the part of all the pupils. Besides the piano recital, Miss Helma Christenson, who assisted Miss Hoskinson with the program, rendered very beautifully two vocal selections, Maurice Church, also assisting the instructor, entertained with the "Pier and Peasant Overture" at the end of the program. Miss Hoskinson herself delighted the audience with two beautiful piano solos.

In keeping with the occasion, the auditorium of Memorial hall was decorated in a most tasteful manner with an abundance of flowers, prettily combined with ferns.

Miss Hoskinson's class which presented this delightful recital is composed of Harry Goldard, Paul Deyrell, Esther Campbell, Mary Sullivan, James Rihn, Barbara Moore, Eunice Healey, Eileen Baldwin, Martin Crabbe, Edith Tease, Halbert Glover, Helen Conkley, Alexis Scott, Ethel Borgstrom, Emil Church and Julius Strass.

## "The Charmer" at The California is Pola Negri Comedy

Pola Negri in the  
Paramount Picture  
"The Charmer"

Pola Negri came to the screen at the California Theatre yesterday in her first comedy role in the Sidney Olcott-Paramount production, "The Charmer," based on Henry Duerksen's novel, "Mariposa," which was adapted to the screen by Sada Cowan.

"The Charmer," a story of the Spanish dancing girl, Mariposa, tells how she and her rather uncouth, though affectionate mother came to try their fortune in New York under the wing of a kindly theatrical manager. Her success is instantaneous. Two men fall in love with her—a prominent man-about-town and his chauffeur, played by Wallace MacDonald and Robert Frazer, respectively.

MacDonald in the role of Ralph Bayne, immediately falls for Mariposa's beauty and wants to marry her until her mother, through a clever little plan of hers, reveals the girl in her real light—an uneducated country girl entirely out of place with the set Bayne is accustomed to associate with. Still he is unwilling to give her up and invites her to visit him in his "study." Despite repeated warnings from the chauffeur, who sincerely loves her, that he has driven many girls before her, Mariposa goes. Bertha Sedgwick, a foolish young married woman, infatuated with Bayne, also arrives at the apartment, closely followed by her suspicious husband. Mariposa's quick wit prevents a scene, and everything is straightened out with the arrival of the chauffeur.

## Blanche Sweet In "Anna Christie" At the Richmond

For any one who is not afraid to face life and its facts, Thomas H. Ince's picturization of Eugene O'Neill's powerful stage drama, "Anna Christie," can not fail to hold a powerful appeal. This First National picture opened at the Richmond Theatre last night.

"Study life and point what you see" has been the motto of the romantic-eyed Irishman who tramped the streets of city slums and beat his way across several seas before he wrote "Anna Christie."

"Anna Christie" offers conclusive proof that the great love stories of the world do not need alken back grounds. In saloons and on a cable barge, deep coated in snot and grime, the romance of "Anna" flowers and blossoms. It comes to a climax in one of the most powerful scenes ever conceived by a poet-dramatist or pictured by an artist producer.

There are action thrills as well as a mighty emotional climax in the

Ince production. The scene in the stoke hole of the sinking steamer "Anconia," when William Russell as Matt Burke, the Irish stoker, fights his men to keep them from deserting their places, is unforgettable. The burning ship, the brushing waters and the clouds of billowing steam through which the trapped men fight their way to the outer air, have been pictured with a master's artistry. Russell's two-fisted fight when he starts to clean up the town after his bitter quarrel with his sweetheart, carries over her great thrill.

Blanche Sweet has four been a film favorite, but never has she of

A total of 4226 cars were transported on Memorial Day and Sunday while on Friday 2150 were taken across.

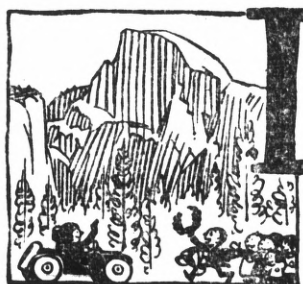

The excellent service in handling this vast line of cars, which at times stretched over a half mile in double file, was shown by the fact that no motorist had to wait over two and a half hours to go across, Moch

Oakland, Calif.

For about three years I suffered from a bad cough and sore chest. I tried many doctors, all of whom pronounced my case "Tuberculosis." My spirit was examined and showed tubercular germs. As I found no improvement from any of the treatments that I took, I decided to give the FONG WAN HERB a test, as a last resort.

After having drunk the herbs for four months, I was a well woman and had gained in weight. A year has elapsed since I began to take the FONG WAN HERB and on April 16, 1924, but today, I am still well and have no sign of my former complaints.

## Sanford's Garage Cause of Protest To City Council

There is a great fight on between the different divisions and groups, and these honor awards are liable to shift from one division, to each other, and from one group to each other.

The banquet and meeting of those interested in the Community hotel last night was one long to be remembered. After the large number present had enjoyed the banquet that had been prepared, there was community singing, led by Bert Carter, after which the meeting was taken in charge by Joseph F. Brooks, the general manager of the Standard Oil refineries, and who is an enthusiast for the new hotel.

"To me this gathering is more wonderful," said Brooks, "than many of you can realize. It means a new era for this city. I have been connected in the past with many movements, but found that it was always hard to arouse interest. I take it for granted that all of the ins and outs of the plan have been thoroughly gone into with the executive committee, and this meeting tonight is to acquaint the members of the citizens committee with those details. The fact that so many have turned out this evening, shows the great interest that is being manifested.

believe the new law will help to stabilize the economy and will help to stabilize things, and to show my faith in the project, I voluntarily went to the chairman of the executive committee and doubled my subscription. The member of the executive committee have been doing a grand job; they have devoted themselves, and should be commended for themselves, to the matter of civic duty, and I know that you will be pleased when you hear the report of their work this evening. Anyone who invests in a project naturally looks to the security and I believe in this hotel proposition, the same as I believe in a safe investment, and one that will bring returns on the money you put in it.

**JOHNSTON URGE WORK.**  
The next speaker was Henry Johnston, general chairman of the executive committee. "It is indeed a great pleasure," said Johnston, "to be here this evening. Never in my life has a meeting of this kind seemed so satisfactory. It was a big job to be undertaken, and at times the members of the executive committee have inclined to be downhearted, but that feeling is all gone now; and the spirit of enthusiasm shown here tonight convinces me that we are

going to put the hotel project over the top. It is true the task is not yet completed, there is much hard work ahead of us, but if everyone will get into the harness and pull together, success will be ours. This is the biggest project the people of Richmond have ever tackled, and the people are going to find themselves equal to the task. The need of the hotel is apparent, and for Richmond to take her place among cities of similar size in California, it must have one. The fact is Richmond is the only city in California today,

—6 Years in Richmond  
Six years ago, in June, 1919—Read's Store was established. From a modest beginning, the business grew steadily—until it is now one of the Leading Department Stores of Richmond.

25,000 population that has not a modern hotel. The member of the executive committee have invested heavily in this project, and when such hard headed business men as Brooks, Downer, Tilden and many others have put in their money there is no reason why any one of us should hesitate. It is always safe to follow the lead of men of this type.

**DOWNER INSPIRES CONFIDENCE**  
E. M. Downer, president of the Richmond Community Hotel, Inc., was the main speaker. He accepted the presidency of the hotel company, because I believe in the future of Richmond. This community should support a first class hotel, one is badly needed. I will do more to make a city, than any other one thing. See what the Hotel Oakland did for our sister city. I want to congratulate the people of Richmond on their determination to put this hotel project over. It is bound to be a paying investment. One of the best hotel men in the state, C. E. Hamilton, has been secured to lease the new hotel. It is a profit sharing lease, and in order for him to make money, he must make money for you."

**BARR EXPLAINS DETAILS**

L. D. Barr, western manager of the Hockenbury Hotel System, Inc., took the floor and explained all the details in connection with the hotel project. Barr has been the directing head of the campaign, and knowing every detail of it, was able to inspire confidence in the minds of each one present. Barr claims that the hotel would be one of Richmond's biggest assets. Instead of the city being like a household which invites guests, and upon the

arrival informing them, he had no guest room, and that they would have to go away. Richmond would be in a position to entertain its visitors in the future.

SALESMANSHIP DEMONSTRATED

Then came the staging of a sales demonstration in which Attorney T. H. DeLap, represented the hard boiled business man, who did not have time to become interested in the hotel project. The salesmen in this demonstration, were H. A. Johnston, E. Al. Downer, Fred B. LaMoine and E. B. Bull. It was a wonderful demonstration in salesmanship to the many present.

Then came the passing out of the subscription blanks, and the results as above noted.

NOON TODAY

**LUNCHEON AT 500'S TODAY**  
 Today noon at Memorial hall, there will be a meeting of the members of the citizens committee, at which further reports will be made of stock subscription.

**BIG BULLETIN BOARD**  
 The people of the city are greatly enthused over this hotel project, and every day this week, when the results are marked up on the big bulletin board at Tenth and Macdonald there will likely be a large crowd present.

# OUR REASONS

For Selecting Richmond as a Location for our Business  
in Preference to Oakland or San Francisco

*Here Are Five Chief Reasons:*

- 1—Rents are from 20 to 50 per cent lower.
- 2—Advertising rates are considerably lower.
- 3—We can buy as cheaply while in Richmond as we could in any big city.
- 4—We can sell for less than if we were in the larger cities.
- 5—We prefer the smaller city where we know our trade personally and where our customers return to buy from us repeatedly because of satisfactory purchases and courteous service.

## We Aim

To sell all merchandise as cheaply or for less than asked for the same merchandise by legitimate stores in the larger cities. We do not claim to compete with fire Sales, Bankrupt or closing out sales—Although our prices are much lower in many instances than many of those mentioned in sales that are not genuine.

Therefore, we urgently request that if you should find any article in our store priced higher than a city store—tell us so that we may correct the error.

Plumbing Inspector C. S. Ford reported to the city council last night that 53 inspections were made during the month of May. Houses inspected: 3; sewers, 37. Total permits granted, 10. Fees collected, \$7.00.

Umar N. Caffee, secretary of the Richmond Society for the Prevention of Cruelty to Children and Animals, reported 35 calls during the month of May involving 7 adults, 11 children and 68 animals. Seven animals were humanely destroyed.

City Treasurer L. L. Vaughn reported a balance in the treasury of \$41,300.00 on April 30, of \$456,938.28.

On the objection from the city council that popular trees tear up sidewalks with their roots, the Richmond Company last night changed its application to maples and purple leaf plums, and was granted permission to plant these trees along portions of Rheem and Lowell avenue between 24th and 26th streets, and along 24 and 26th streets between Rheem and Lowell. It was provided that the permit should be issued by the city engineer.

For unsightly skin eruptions, pimples or blotches on face, neck, arms, body, you do not have to wait for relief from torture or embarrassment. I declare a noted skin specialist simply a little Mentho-Sulphur and improvement shows next day.

Because of its germ destroying properties, nothing has ever been found to take the place of this sulphur preparation. The moment you apply it healing begins. Only those who have unsightly skin trouble can know the delight Mentho-Sulphur brings. Even fiery, itching eczema is dried right up.

Get a small jar of Rowles Mentho-Sulphur from any good druggist or use it like cold cream.
